

RYCHLÝ PRŮVODCE

-
- The diagram illustrates the assembly of the lock handle. It shows a side view of the lock body with a handle being inserted into the top. A screw is then used to secure the handle. The handle has a decorative design on its face. The lock body has a keyhole and a handle slot.

-
- A diagram illustrating a connection setup. A monitor is connected to a router via a cable. The router is labeled "Router" and has a wireless signal icon above it.
